'Kansas has been seeking a game with Notre Dame or some big eastern eleven for that date.

# FOR PORTLAND PITCHERS

There is a possibility that announcement may be forthcoming shortly of the acquisition by Washington of a pair of pitchers who have attracted considerable attention by their work in the Pacific Coast League. It is a possibility, instead of a probability, however, according to Clark Griffith, who has no intention of weakening his club by letting go of talent of demonstrated quality for athletes whose class has yet to be demonstrated.

arrival here of W. H. Klepper, president of the Portland club of the Pacific Coast League, which owns the human chattels. The Oregon magnate held a long confab with Griffith last night and they are scheduled to have another talk today, but according to the latter there is little chance of a deal being consummated before the meeting of the minor leaguers in Buffalo next week.

Joe Engel, the demon scout of the Griffmen, likes the looks of both Johnson and Pillette, whom he saw in action last season, but he does not value them so highly as the club which owns them, and there is where the hitch may develop. Owner Klepper has visited half a dozen of the big league cities, with a view to bolstering his club by obtaining a manager and other material with his infant prodigies as bait and expects to do business before returning to the coast, but whether it will be with Washington depends on the extent of his demands. Griff today denied Bing Miller was one of the players sought by Klepper, and asserted he would not consider any deal involving the locals will have look to their laurels. DETROIT, December 3.—Foot ball teams of the University of Detroit and Washington and Jefferson went into a post-season contest here today, each prepared for a desperate hattle to keep its record clean for the year. Neither team had been defeated and only one. Tulane, had been able to score upon Detroit.

The strongest line-up that could be mustered by either team was slated to start the game and both coaches had ample reserves to continue at near the maximum strength throughout the tilt. The teams were generally considered quite evenly matched, although the De-

### METHODIST RELAY RACE ATTRACTS EIGHT TEAMS

BIRMINGHAM, Ala., December 3.—Southern colleges and secondary schools will be freed of what was described as a tendency toward "commercialism, exploitation, professionalism and gambling" in athletics particularly in foot ball, if a resolution adopted today by the Association of Southern Colleges and Secondary School of the Southern States in session here, is carried out.

The president was asked to name a committee of five with full authority to investigate the record of all students participating in activities and to take action if any student's record did not conform to the requirements of the association in all respects.

HICAGO, December 3.—The annual meeting of the Western Conference athletic directors and coaches in the various college sports opened here today, with formulation of the 1922 schedules being given paramount consideration.
